METRANS

The European intermodal rail bridge

METRANS Group

Company structure

METRANS, a.s.
Prague, Czech Republic

The Largest European Network

We provide all-inclusive just-in-time intermodal rail-road transportation service.

METRANS operates own shuttle trains with cargo in maritime deep sea and short sea and for long haul trains.

Transport of standard equipment, reefers, tank and special containers to/from:

- Czech Republic
- Slovakia
- Hungary
- Germany
- Austria
- The Netherlands Belgium
- Slovenia
- Poland
- Italy

We connect these countries by rail with major European ports:

- Hamburg, Bremerhaven, Rotterdam, Duisburg

Or southbound rail connection to:

- Koper, Trieste, Rijeka

Why METRANS Network & Solution?

We connect **The Belt and Road** initiative to the Europe via **Małaszewice / Brest (PL / BY)**. We are owner of the terminal in Malaszewicze (CL EUROPORT) and Railway carrier which has 1520mm locomotives for border crossing from Brest to Mala (EUROTRANS). All your trains are therefore under our control after arrival to Brest.

With our network of own, high sophisticated container terminals & depots and modern railway hubs in **Praha (CZ), Česka Třebova (CZ), Dunajská Streda (SK), Budapest (HU), Poznań (PL)**.

Connection to New Silk Road

Why to Choose Our Network for Cargo from/to Asia?

Connect your cargo to METRANS Network!

- METRANS operates regular weekly trains and supports partners from several Chinese origins as well as destinations and connecting them with our network
- Only last / first mile from / to “HUB” or “END” terminal is arranged by trucks
- By using of latest technologies and innovations on the field of transport and handling we are reducing CO₂ emissions as much as possible.
- Possibility to connect with terminals of other operators using METRANS network within the whole Europe – neutrality guaranteed
- Rail connection from/to Ukraine
- Małaszewicze/Brest terminals connected

Why to choose our network for cargo from/to Asia?

- Strong and fast-growing network of METRANS allows to find the most efficient way for your cargo
- Ability to combine export cargo from different European countries and choose the nearest HUB terminal (Česká Třebová, Dunajská Streda or Budapest)

Wide range of benefits to our customers

- Customs clearance directly at the terminal
- Chinese speaking employee
- Dedicated customer service desk for shipments to Silk Road

- Alternative solutions (i.e. via Turkey / Azerbaijan / Burgas to EU)
- METRANS keeps **neutrality** also on connections to Silk Road
- **High quality service** – METRANS keeps on all his service's highest standards
- Cargo connected to Europe largest rail & terminal network

Thank you.
